

Marketing and Go-to-Market

Marketing and Go-to-Market

Positioning

“The campus marketplace that connects everyday needs with student opportunity.”

Brand campaign direction

Core campaign system developed around **GOOD THINGS. BRIGHTER CAMPUS.**

Message territories:

- What do you need?
- Made on campus.
- Sell here.
- Can't find it? Request it.
- See it. Tap it. Get it.
- Going that way?
- Good things. Closer.
- Your side hustle has a home.
- Buy. Sell. Move. Build.

Channels

- campus posters,
- street-pole/outdoor where permitted,
- tracked QR codes,
- Reels/social creatives,
- campus activations,
- seller/courier recruitment,
- student ambassador strategy,
- digital paid media later if budget exists.

Launch principle

Build recognition first, then explain feature depth. Lead with student outcome, not technical architecture.
