

Source Summary — Developer Series 4

Series 4 defines the cinematic pitch and Work execution handoff.

- Act I: approximately four-minute cinematic origin/team story.
- Act II: 15–20 minute Danny-led cueable live product demonstration.
- Recurring Vossie dot visual signature.
- Brand Identity + approved Figma/prototype are visual sources of truth.
- After Effects project is modular by sequence.
- Every critical live demo flow needs deterministic data, reset and prerecorded fallback.
